1648-1259 Defeat for GC Sewer Proposal

Status of Federal Aid In Doubt; Bond Issue Leads in 4 of 8 Wards

A proposed \$14 million Granite City sewer program for which \$8 million in tax-secured bonds would have been issued was defeated 1648 to 1259 in a special election Saturday.

Total turnout was 3115, of which 288 ballots were spoiled. A \$10 million sewer and pollution abatement proposal had lost 483-2475 Tuesday, Oct. 2, 1962, with the 7681 total vote including 704 spoiled ballots. That plan lost in 22 of 25 precincts.

On Tuesday, Nov. 26, 1963, a \$2,000,000 interceptor sewer and sewage treatment plant program lost 732-1364 in a 2002 turnout that included 108 spoiled votes. It trailed in 23 of 25 precincts. The treatment plant later was built without referendum authority by an Illinois Sanitary Water Board order.

Saturday's proposal led in seven of 16 special precincts and four of the eight wards.

Views of Mayor, Chairman
Mayor Donald Partman said a federal grant of \$1,500,000 that would have been used to supplement the bond funds probably will be lost. "I promised to let the federal officials in Chicago know the election results today, and I certainly have to have to call them. Many other cities have been competing for this money."

"The people made quite a mistake by not voting for the program."

"In the Fifth Ward, where there was a heavy 'No' vote, both sanitary and stormwater sewers are needed. Past efforts to proceed without the sewer revenue bonds without the federal help that was unavailable Saturday have been unsuccessful because bonding companies declined to take them."

"Comments by a First Ward alderman who was a member of the special sewer committee also confused a lot of people," the mayor commented.

William L. Harris, co-chairman of Granite Cityans For Better Sewers, said today, "I'm very disappointed. I believe most people were fed up with the program; perhaps too many felt it would be approved and failed to vote, thinking it was unnecessary."

"I was sold on the merits of the proposal, and so were the people we had an opportunity to talk to. Those who had questions or doubts I believe could have had them clarified if they had attended the public meetings."

Voting Breakdown
A breakdown of the voting, with "Yes" votes given first and "No" votes second, follows:

FIRST WARD—Special Precinct One, VFW hall, 20-70; Two, 2245 East 24th street, 15-83; Three, The Anchorage, 68-38.

SECOND WARD—Precinct Four, McKinley school, 35-17.

Venice Officials Seek ICC Meet on Kerr Street Issue

The possibility of reopening Kerr street in Venice until a date for construction of the Broadway underpass becomes more definite will be discussed in Springfield this week with Illinois Commerce Commission officials, Venice Mayor John E. Lee announced during a regular city council meeting Friday night.

Mayor Lee said City Attorney Harry E. Hartman is attempting to arrange a meeting with ICC representatives, to determine if it is possible to permit reopening of the street without reopening the entire ICC case.

Kerr street was closed under terms of the ICC decision ordering construction of the Broadway underpass.

Residents of South Main street have appeared at the last two Venice council meetings to seek reopening of Kerr street. The only route to enter or leave the South Main neighborhood when freight trains block the crossing is by street as C&M trains leave the "boat yard" under the McKinley Bridge approach.

A deluge of residents in formed Mayor Lee that several have lost their casualty insurance or have been told their policies would not be renewed when they expire because there is no ingress or egress for fire trucks or other emergency vehicles.

Residents of Kerr street crossing is blocked.

Committee appointments for 1967-68 were announced by Mayor Lee, who pointed out the committees are basically the same as those serving last year except that Ervin, Patterson and Ratliff are named to committee posts previously held by outgoing Aldermen James Miller and Arthur Means.

Levee District's \$5 Million Bond Bill is Scrapped

State Rep. J. G. Krause To Withdraw Measure; Too Much Opposition

Madison-St. Clair Splitup of Levee District Aired

A suggestion that "the time may be here" for Madison and St. Clair county to divorce themselves as partners in the territorial makeup of the East Side Levee and Sanitary District developed Thursday night in a public hearing in the levee board offices in East St. Louis.

The idea was advanced by John Henne, executive secretary of the St. Clair County Taxpayers Association, during a discussion of benefits to the separate areas under a proposed levee district hillside drainage program.

The proposed drainage program would cost more than \$5 million in local and federal funds. The levee district is seeking to raise its share of \$5.7 million through sale of non-refundable bonds that would have to be authorized by legislation.

The Thursday night hearing was called by State Rep. James G. Krause (D) East St. Louis, who had introduced such legislation, but now plans to withdraw it.

Henne asked: "Since the levee district exists into Madison county, what benefits would Madison county get under this program — wouldn't their benefits be less than those of the district generally? Do we know it?"

Madison County Affected
A. L. Kraemer, chief engineer of the levee district, replied that the program provides for work on drainage canals and channels feeding into Cahokia Creek which drains much of the Madison county area, particularly in the North St. Louis township, and that drainage from Madison county flows into the St. Clair county section of the district where it must be handled by the channels and pumping stations there. Kraemer maintained that Madison county area therefore benefits from the overall program.

"You are aware, I think, of what Granite City Steel Co. is doing at Horseshoe Lake," Kraemer said to Henne. "They are dumping large volumes of waste in the lake every day and overloading the facilities there. If there is a heavy rain there is going to be trouble, because the lake is already at a high level."

"I just wonder," replied Henne, "if the time may be here to divorce Madison county and let them have their district and we would have ours. Our problems are multiple. They have their own problems too."

Kraemer vetoed such an idea as impractical and said he would move the bill to the Senate. James Reed, executive secretary of the district, said he would approve such a plan.

Says Cost Prohibitive
"In the first place," Kraemer said, "the Madison county district would have to build a complete new outlet to the river, and where could it go, through all that industry and all the rail yards? In addition a new levee and pumping station would have to be built. The cost would be prohibitive."

James Reed, executive secretary of the district, said he would approve such a plan.

Answers to Questions about Hospital's Campaign

Answers to questions most often asked about the fund campaign currently under way for the multi-million dollar expansion and modernization program for St. Elizabeth Hospital were provided today by the campaign headquarters and hospital staff.

Frank Wheeler and Franklin Rich, directors of the campaign, and Sister Mary Thomas, hospital administrator, said that anyone with questions may call the campaign headquarters (TR 7-4441) or visit it at 1920 Edison avenue.

The questions answered today are—

Q. What is the purpose of this campaign?

A. To expand and modernize St. Elizabeth Hospital in order to continue to provide first-rate hospital service to the growing volume of patients.

The number of cases handled

by the surgical department and the emergency department alone have almost doubled in the last 10 years.

Q. What is the goal of the campaign and how will the money be used?

A. The minimum goal of the campaign is \$1,000,000. We hope to reach the challenge goal of \$1,500,000. The funds raised in the drive, a federal grant and a long-term financing program will be used to build a new 30-story, 300-bed building, a new 50 medical-surgical beds.

Q. Why should we have a campaign now?

A. Our federal grant of \$80,819 was made on the condition that St. Elizabeth Hospital proceed with a campaign

now and that ground must be broken in 1967. If we delay, we may lose our federal grant. The present hospital facilities are overcrowded and outdated. The need is now. A successful campaign will enable the hospital to treat more people more effectively.

Q. How can I contribute to the campaign?

A. One of the many campaign workers will contact you. These unpaid volunteers—your friends, business associates or fellow workers—who, in addition to their own contributions, are giving their time and effort to help make the campaign a success. This is a five year pledge program. All contributions are tax deductible up to 30% of your income.

Q. Who will be asked to participate?

A. Companies and civic-minded individuals in the community. Many leading companies and individuals have already made substantial pledges.

Q. Will bids be taken for construction?

A. Yes.

Q. When will construction begin?

A. The government grant requires that construction begin in 1967.

Q. What does this campaign mean to me?

A. A successful campaign means that you will have a hospital with the best and most modern facilities possible ready to serve you, your family and the community in time of emergency or illness.

must conduct a capital campaign to expand and improve facilities.

Q. Does St. Elizabeth Hospital serve everyone?

A. St. Elizabeth Hospital is a community hospital that serves everyone without regard to race, creed, color or ability to pay.

Q. Is there a doctor available at all times in the emergency room?

A. Yes. The hospital has at least one full-time resident doctor on duty from 8 p.m. to 8 a.m. During the day, emergency patients are cared for by the doctors who are at the hospital at that time.

Q. Who will be asked to participate?

A. Yes.

Col. Hoskins said the purpose of the seminar "is for the depot to participate with other employers, schools and public and private groups in a cooperative action to improve employment opportunities and community conditions that affect employability."

Participants are to be community leaders, including principals of schools with large minority group enrollments, leaders of civil rights groups and state employment services and representatives of the St. Louis Civil Service region.

Proposed Bill Regulates State Buying of R-O-W

A bill amending sections of the law of eminent domain to prevent what he described as "extensive abuse" by the State Highway Department in buying right-of-way was introduced in the Illinois House at Springfield last week by State Rep. James G. Krause (D) East St. Louis.

Krause said the bill, if approved, would eliminate the department in buying only small parts of a parcel of ground, frequently leaving the occupants of a residence within a few feet of a highway or cutting up his property so that it is in conflict with local zoning laws.

Under Krause's proposed amendment, a tract of land of one acre or less of which a part is needed, but the part purchase of which would place a residence within 10 feet or less of a highway or place the property in violation of zoning regulations, would have to be purchased in its entirety if the owner so demands. Krause said the law of way either by negotiation or by condemnation.

The bill has been sent to the House committee on Highways and Traffic and is scheduled for hearing Wednesday.

Krause said he had the amendment prepared after receiving a large number of complaints from owners of property which has been condemned in part by the highway department for highway construction projects in the area.

He said he learned of one instance in which the right-of-way cut off a property owner's front yard and left his house within six feet of the highway, with no driveway clearance.

Rotary's Gift to Hospital Used for 1106 Persons

St. Elizabeth Hospital's electroencephalograph unit has been utilized in the diagnostic treatment of 1106 persons since it was placed in operation here early in 1966, according to Sister Mary Thomas, hospital administrator. Made available to the hospital and the community by the Granite City Rotary Club, the equipment was purchased with proceeds from the 1966 "Rotary Horse Show."

William Thoeke, GC Rotary president, said today that club members were very happy and proud to learn the unit is providing such a valuable asset to the medical staff. Since January, he added, an average of 75 patients each month receive the benefits of the machine.

The Rotary official noted that public support of the horse show enabled the club to provide St. Elizabeth's with the unit, thereby eliminating the need for Quad-Cities requiring e.g. tests to travel to a St. Louis hospital.

Urge Closer Student-Faculty Relations

Steps to achieve a more cordial relationship between university students and faculty members have been recommended by the Coleman commission following a two-year study at Southern Illinois University.

The commission's 41-page report, which primarily is critical of the wide gap it believes exists between undergraduate students and the top echelon of faculty members in a large university, was delivered to SIU President Delyte W. Morris who requested its publication in editions of the Egyptian and The Alestic, student newspapers at the Carbondale and Southern campuses. Dr. Morris invited the Student Council, Faculty Council and Graduate Council to give their reactions to the recommendations made in the report. The commission's report and the comments by the three councils will go to the University Council, chief advisory body to Dr. Morris and the SIU board of trustees.

The commission, headed by Professor Claude Coleman and composed of faculty members, administrators and students from both campuses, noted that between publishing books, conducting research, administrative duties and scholarly trips to the far corners of the world, there is room for many faculty members to devote to the students.

Says Incentive Lacking
Neither is there much incentive, the report added, in either pay or promotions, for the faculty member who is just a good teacher.

The commission urged action to establish an informal, easy-to-talk-to relationship between student and teacher and for university recognition of those faculty members who achieve this relationship.

In another section of the report the commission analyzed the subject of student rights. "This commission firmly believes," the report went on, "in the principle of Academic Freedom as a prerequisite for the preservation of the university. Furthermore, it believes that it should be the right and responsibility of the student to participate fully in independent inquiry and criticism."

Much Twisted Thinking
However, much twisted thinking has found some sort of expression on university campuses in the last half-dozen years, perhaps none other so badly twisted as that about rights. In a country such as ours where our society tends to give a good deal of personal freedom to the individual as long as he does not trample upon the rights of others, a certain amount of talk about one's rights may be in order; but when one studies the culture and custom of the American College

campus and observes what great areas of individual freedom are available to all the people, one naturally looks for some explanation of the hullabaloo about rights.

The commission found that "five to ten percent" of the student body are "spoiled brats" who go to college and continue to throw tantrums just as they did at home.

Recommendations by the commission included provision that students have representation on the University Council, as full voting members and that student representation on all official policy-making bodies be included.

O'Fallon was first at Dupo with 49 points, Roxana had 43, Bethalto 40, Triad 36, Mascoutah 28, Dupo 20, Waterloo nine and Columbia three and a half.

Cahokia repeated as MVC meet winner with 86½ points. Bethalto was second with 51, Triad had 39, Highland 23½, Dupo 22 and Roxana 18.

At Dupo, Trojans placing were by Ira, Martin, Bill Page, Gary Dan Horn and Ronald Gryz-wick, third, 100-yard dash; Van Ford, fifth, low hurdles; and Bohonstiel's home runs and Steve Clark's double and triple ble.

Home runs by pitcher Sonny Anoff and Andy Basarich and Augie Beccera's triple spurred Mexican Honorary to its victory. Dick Portell led Buzz's offensive with two singles.

John Conkovich, who singled and tripled earlier, saved the day for Polish Hall with his seventh-inning homer. Ralph Sackett also tripled and homered. Jim Reiter's homer, Stanley Wojcik's double and Charles Weist's two hits aided Polish Hall.

Rozyski Realty's four homers, John Kipp's double spearheaded that team's offense.

At Dupo, Trojans placing were by Ira, Martin, Bill Page, Gary Dan Horn and Ronald Gryz-wick, third, 100-yard dash; Van Ford, fifth, low hurdles; and Bohonstiel's home runs and Steve Clark's double and triple ble.

Warriors Top Columbia 6-3, End Regular Season

Mike Dochwat had an even four hits for four times at bat, including a double and triple, and four RBI's as the Granite City Warrior, baseball squad beat Columbia 6-3 here Friday to end its regular season.

The Warriors finished with an overall record of 19-7 and two ties. GCHS had a 10-2 Southwestern Conference record, good enough to nail down the conference championship.

Saturday's doubleheader here between the Warriors and Springfield Laphier was rained out. Catcher Mike Dochwat tripled in the fourth, driving in Jim Stuart and Steve Conway, who had walked. Dochwat scored.

John Draper's double in the third started a six-run scoring spree for victorious Club Delmar. A double by Bill Seago and triple by Jerry Wallace kept the momentum going. Mike Lewis led Sammy's with a triple and double.

When Don Rains hit into a fielder's choice, providing a 3-2 Warrior lead.

In the fifth inning, Paul Kacera singled, Stuart walked and Dochwat singled scoring Kacera. The hit skipped past the centerfielder, allowing Stuart also to score.

The Warriors' final run, in the sixth inning, was scored by Pitcher Rains — his first time across the plate this season. He walked, went to second and third on two wild pitches to Warrior batter Roger Belshe, and scored when Belshe singled.

Columbia scored two runs in the first and one in the seventh. Described as the key defensive play of the game by Joe Fedora, Warrior coach, was Carl Benson's catch of a long drive to centerfield for a second Columbia runner trying to score on the play.

Rains won his eighth game with no losses. He struck out four, walked to and gave up four hits. Granite City totaled eight hits. The Warriors made five errors, and Columbia one error.

Trojans Vs. Kahoks, Warriors Vs. Assumption in District Baseball

The Madison high school baseball team will play at Collinsville in the opening game of the Illinois High School Association district tournament at Collinsville today.

Granite City high school Warriors, champions of the Southwestern Conference, will vie with St. Louis Assumption of East St. Louis tomorrow.

District game time each day is 4 p.m.

A young Trojan team may have begun to catch fire after recording its first three wins of the season last week over Highland and two wins over Dupo.

Experience seems to be the team's greatest need but, encouraged by the victories, the Trojans may produce a win over Coakley, dubbed the team slugger, and Steve Conway, plus the .356 batting mark of Paul Kacera, the Warriors seem to have the offense to repeat as District champions.

sumption's 7-1 conference mark. GCHS has experienced a hitting decline, but after a nine-hit win over Collinsville Joe Fedora, Warrior coach, feels the team may have broken the slump.

With power hitters like Roger Becker (3-1), with relief by Steve Loughey.

Today's and Tuesday's winners will play for the District title at 4 p.m. Wednesday at Collinsville.

Alton district pairings include Bethalto vs. Roxana, Wood River vs. Alton and Alton Marquette vs. the Bethalto-Roxana winner. Belleville Althoff plays Belleville West in the first game of the Belleville West district tourney, with Belleville East meeting St. Henry.

district winners will advance to Granite City for regional play-offs to be held May 15-17.

Warrior Golfers To Belleville

The Granite City Warrior golf squad traveled to Quincy Saturday only to be rained out of a scheduled tournament, after being defeated by Belleville East 363-371 in an 18-hole match Thursday at Arlington.

Curtis Green led the Warriors against Belleville with 84, Dan Jenkins had 91, Ron Shepherd 94 and Larry Kach 102.

With two matches left before competing in the district tournament Friday, the Warriors are 10-5.

Heavy Hitting in Park Church Loop Softball

A first-inning six-run blitz, including Mike Voorhes' two-run double and a homer by Leo La-Rose, set the stage for a 12-6 win by First Assembly of God over Free Methodist in Class A Red Division Church Slow Pitch softball Friday night at Wilson Park.

Heavy hitters for First Assembly were Joe Baker with a double and three singles, Tom Stubbish, three runs and two singles, and Bernie Cockrill, who scored twice on two of the losers' five errors. Free Methodist's hit parade included Lonnie Fenton's single and two-run double. Larry Peterson pitched a nine-inning First Assembly, which amassed 15 hits.

In the other Red Division game, a two-run sixth-inning triple by Mike Dillard and a homer by Roger Feltneyer countered a five-run fifth inning as Graceland defeated Second Baptist 10-3.

Graceland's Chuck Feltneyer homered, doubled and singled. Kevin Taylor and John Warren each singled and doubled. Mike Warren singled twice as Graceland totaled 13 hits. Jim Reese won a nine-inning.

A scheduled Class A Church Blue Division game between Community Heights Assembly of God and Niedringhaus Methodist was postponed, but in the same division Bethel's seven-run first and fifth frames led to a 16-4 win over West 22nd Baptist. Sam Dymas' triple highlighted the first inning, and he later doubled and singled. Carl Fanser had three hits. Bethel was out, 15-17, but made no error to West 22nd's five misuses. Bob Myers took the pitching victory.

Fans Brave Chill, See Deitzel Win Feature Race

A field of 33 super-midified sprint cars was on hand Friday night at the Tri-City Speedway, but the crowd was small due to the 51-degree weather. Those fans braving the weather saw some of the best racing ever at the local track, however.

The feature race was a heartbreaker for Jerry Blundy of Galesburg, who led the event for 12 laps only to have his engine give out. Junior Deitzel of Jefferson City, Mo. took over and won.

Deitzel started the feature event on the pole of the fifth row and had to pass eight cars in heavy traffic to receive the checker flag.

Fastest time was set by Deitzel and heat events were won by Blundy, Lee Kunzman, Gutterberg, Ia., and Ronnie Taylor, St. Louis.

The trophy dash was won by Blundy and the semi-feature event by Gary Greer of St. Louis.

Finishing after Deitzel were Uitz, Galesburg, Mo., Bill Meyer, Wood River, Jim Moughan, Springfield, Ill., and Cliff Bunday, Galesburg.

The only severe mishap of the night came after the running of the third heat race when Bill Stevens, 24, Wood River, who lost control of his sprint car after the last lap and flipped five times, clearing the outer guard rail taking down some 50 feet of cyclone fence.

Stevens was given emergency treatment at St. Elizabeth Hospital at 8:35 p.m. and transferred to Wood River Township Hospital, where he was admitted with a broken left wrist and abrasions to the left arm and ankle.

In the qualifying fast six event, Deitzel was first, followed by Uitz, Moughan, Meyer, Blundy and John Parade, Decatur.

In the first heat race, Blundy was first, followed by Moughan, Loren Salmon, St. Charles, Mo., and Uitz. Kunzman was first in the second heat race with Chuck Lynch, Springfield, second, Stevens, third and Cliff Bunday, Galesburg, son of Jerry fourth. Third heat race was won by Ronnie Taylor, followed by Ernie Sanders, Troy, Mo., Ross Sowers, Decatur, and Charlie Brown, Wood River.

In the trophy dash race, an event pairing the six fastest cars of the evening, Jerry Blundy was first Deitzel second and Moughan third. In the semi-feature event, Greer finished first, Sowers was second and Bill Baker, Hannibal, Mo. was third.

New sprint car racing will be this Friday, with time trials at 7:30 p.m.

Miss Sharon Kay Howard and Michael C. Ahring were married Saturday afternoon at St. Joseph's Catholic Church, 2205 Nevada avenue, and Mr. and Mrs. Charles P. Ahring, 2225 Cleveland blvd.

The ceremony took place at two o'clock with the Rev. Philip Kraft officiating. A gown of Chantilly lace over peau de soie was worn by the bride. It was styled with a fitted bodice and a natural waistline. The scalloped neckline was trimmed with iridescent sequins and the long sleeves came to points at the wrists.

Tiers of lace dipped over the hooped, side-sleeve skirt to give a bouffant effect. A train of lace and sequins was attached at the shoulders and after the ceremony lifted to give a bustle effect.

A shoulder length veil was secured to a retailed headpiece of pearls and lace with tear drops of crystals and pearls and a leaf of lace and pearls was worn low over the forehead.

The bride carried a cascade of tiny white roses and white carnations intermingled with sprays of lilies of the valley and centered with an orchid corsage.

Mrs. Edward Burlison was matron of honor, and Miss Evelyn Howard, the bride's sister, was bridesmaid. They were dressed alike in mint green dotted nylon over silk. The sleeves were of long length and finished with wide ruffles of lace and nylon. The necklines were scooped and

the high waistlines were gathered into straight floor-length skirts. Headpieces were clusters of small green petals and veils and they carried cascades of white daisy pom poms.

Catherine Howard, the bride's niece, and Jimmy Lane served as flower girl and ring bearer. The former wore a dress of white lace over silk with a wide pink sash tied in a bow in the back. The sleeves were ruffled with lace and the full, hooped skirt had layers of lace with rosebuds fastened at the scalloped hemline. A bouquet of roses was in her hair and she carried a white basket of yellow rose petals.

For her daughter's wedding, Mrs. Howard wore a dress of aqua peau de soie with a lace over-bodice and matching accessories. The bridegroom's mother was in a silver blue brocade coat same shade. Both wore white orchid corsages.

Charles Ahring Jr., the bridegroom's brother, was best man and Geoffrey Ahring, a younger brother, served as groomsman. Robert L. Howard, a brother of the bride, seated the guests.

A reception was held at the YMCA directly after the church service. The newlyweds will reside at 2300 Benton street when they return from a honeymoon in New Orleans and Florida.

Watchman Bound, Robbed; Stickup At Filling Station

William Huff, 62, of 1723 Edison avenue, night watchman at the M. C. Slater truck terminal, 2200 West Chain of Rocks road, Mitchell, was bound and gagged Friday night by two men who robbed him of \$40 and a \$39 check and took his 21-jewel watch.

His hands and feet were tied with electrical cord and he was placed face down in a washroom with a heavy seven-foot-long crowsbar across his back. He was unable to move and was found at 6:45 a.m. Saturday by a truck driver, Rollin Hicks, Moline Acres, Mo., who heard him moaning.

Taken by ambulance to St. Elizabeth Hospital, Huff was released after being treated for cord burns to the ankles, swelling of the hands and pain in both shoulders.

The robbers forced open a soda machine, cash box and cigarette machine, taking an unknown amount of petty cash.

Entrance was gained by breaking glass and reaching through to unlock a window in the back of the building. They left through a door on the west side.

Service Station Robbery
An armed robber obtained an undetermined amount of cash at 9:35 p.m. Saturday at Uplike's service station, Route 162 near State Aid Route 35, the sheriff's office was notified.

The bandit wore a stocking over his head and concealed his weapon with a dirty white handkerchief.

He was described as about 30 years old, five feet six inches tall and 160 pounds, with dark, curly hair.

Walter Bamber, the attendant, was alone in the station at the time the robber arrived. All the money in the cash register was taken by the bandit.

Burglars cut a hole in the roof to gain entry to Eddie's Lounge, 2900 Nameoki road, and broke out a window to burglarize a garage operated by Barney Schwarzkopf at 2311 Madison avenue, during the weekend, according to reports to police this morning.

At Eddie's Lounge the burglars broke open two cigarette machines, a juke box and a bowling machine to take an undetermined amount of cash from the coin boxes. They then pried the lock off a storage room and hauled away an undetermined amount of whisky.

The thieves left by prying open a door to Lee's Barber Shop on the southeast side of the building, where they tore the latter machine off the wall and threw bottles of tonic on the floor.

From Barney's Garage the burglars took a portable television set valued at \$118 and a gum machine which they detached from a metal stand.

Cash totaling \$378, checks worth \$112 and equipment valued at \$207 were taken in a burglary Friday night at the B Tire Co., 2250 Madison avenue. The equipment included a gauge, tester, wrench, light and soldering gun.

The burglars cut a 4x4-foot hole in the roof, dropped onto a concrete interior wall and stepped onto a wooden rack in reaching the floor.

A desk drawer and soft drink machine were pried open and looted. A typewriter was carried to a rear overhead door, through which the intruders fled, but the typewriter was left on the floor.

Burglars stole \$225 in cash and \$100 in checks from two cash boxes in a desk drawer and equipment valued at \$209 from the Auto Air Co., 2917 Edwardsville road. It was reported at 7:45 a.m. Friday.

The equipment included a lock and dwell gauge, timing light, generator regulator tester, electric soldering iron, a torque wrench and three motor manuals. Entry was gained by prying a hasp on a side door.

A burglar who forced open a door Friday evening took a \$90 one-and-a-quarter-ton jack, a \$75 high-pressure paint spray gun and two electric sanders worth a total of \$240, police were notified by Gerald Shafer, 2917 Edwardsville road.

Six seat cushions and a bundle of shop towels were taken by a burglar early Saturday at Branding's service station, Niedringhaus avenue and the railroad tracks. The intruder broke a rear window.

Cert Young, 1006 Calhoun street, Venice, reported to police last night that the back door of her home was pried open and \$62 in cash stolen from a bedroom. She left home about 8 p.m. and returned about 10.

MORE ABOUT Paraders;

membership in Alnad. A class of 125 initiates was one of the parade units.

Many other dignitaries also walked along the route, including members of Wilmitz' "divan" of officers and mayors of the Quad-Cities.

The martial music and pageantry attracted many adults, but the biggest smiles were on the faces of youngsters, who received treats from clowns, heard melodic "chanters" and watched a kaleidoscope of brightly decorated floats, including floats of musicians and drill teams, demonstrations by well-disciplined police patrols and intricate maneuvering by motorcycles, motor scooters and even micro-motors.

Unicycles and a motorized skate board were among the most unusual vehicles, but the convertible autos were the most numerous.

Louis Mariette, president of the Tri-City parade club, announced today the winners of parade trophies:

The St. Louis Cadettes, a host of parade units, including the Chamber of Commerce, most unique entry—a cleanup float; Granite City Army Depot anniversary float; best float; honorable mention to the Business & Professional Women's Club float, and the St. Louis Commanders, best parade unit.

Judges were Eugene Alassi and R. D. Todoroff of the Granite City school system, Miss Alice Purdes of the Veterans Club, and John Fornasewski, local music store proprietor.

Your hospital is expanding and modernizing

St. Elizabeth Hospital is currently conducting a campaign in the community to raise 1-1½ million dollars to be used on the expansion and modernization project. The money raised during the campaign, a federal grant and a long term loan will be used to build a more modern hospital for you. The following projects are to be constructed during the next several years:

- (1) An emergency department which will provide the latest in physical facilities and emergency equipment to adequately care for the ever increasing demands of the community.
- (2) An x-ray department more than double the size of the present x-ray unit, hopefully including a cobalt therapy.
- (3) A much enlarged pathology laboratory.
- (4) A physical therapy department on the ground floor where it can accommodate out patients much easier and offer better services with the new equipment.
- (5) A complete modern surgical suite with seven (7) major operating rooms and a 10-bed recovery unit.
- (6) A modern, pleasant maternity and obstetrical floor.

A BASEMENT DEHUMIDIFIER takes away the damaging moisture that loosens, rusts, warps and mildews your valuables

The damaging effects of a damp basement can be extremely costly. Sweating and dripping water pipes can ruin ceiling tiles, leave puddles on floors and tables.

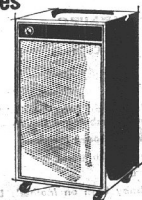

Too much moisture in the air also causes shop tools to rust, cabinets and furniture to warp.

Why take the chance on high humidity putting your expensive sporting goods out of action—or

allow mildew to damage luggage, linens and clothes you thought were safely stored away?

This smart looking dehumidifier will take buckets of destructive moisture out of your basement air (or any other area) and save costly repairs and replacements.

Try it in your home for 5 days without obligation—free. Simply phone Illinois Power.

Law Day Program Heard By GC Optimist Club

A balance between the rights of the accused and the accused must be reached in the exercise of the law, William F. Kinder, Granite City attorney, said in a Law Day program at the luncheon meeting of the Granite City Optimist Club Thursday.

Kinder, chairman of the Law Day committee for the Tri-City Bar Association, said recent Supreme Court decisions were aimed toward this balance.

In a question and answer discussion, the lawyer explained that the U. S. system of law is for the benefit of the individual, and recent Supreme Court decisions have brought a return to the safeguards originally provided in the Constitution.

He pointed out that it is the duty of the policeman not only to protect the general public but the person arrested as well, as he, too, is a citizen.

In reply to a question, he said that driving is a privilege, not a right, that the state owns our driver licenses and that a driver must surrender his license when an officer asks for it.

It was announced that this year's program will feature Col. Charles Hoskin III, commander of the Granite City Army Depot, on a phase of depot activity.

Twenty-three members attended the meeting conducted by Wilbert Triebel, president. Frank Rea, program chairman, introduced the speaker.

Youth Hurt by Train While Fishing Sues

A suit for \$300,000 plus costs has been filed for David Catterton, a minor, by his father, Floyd Catterton, and for his parents against the Alton & Southern Railroad in Madison county circuit court.

When he attempted to return to his fishing site, he fell onto a switch control and signal and under the undercarriage of a slowly moving rail car. It was alleged: the car mangled his left leg, causing it to be amputated below the knee. The suit alleges negligence and carelessness in maintaining and situating the switch.

THE FAMILY. 32-5-8

In Memoriam 33
In loving memory of our dear
father, THOMAS SPORIC, who
departed this life May 5, 1955:
His life is a beautiful memory,
His absence a silent grief.
Sadly missed by
CHILDREN AND FAMILIES. 32-5-8

EDNA PEARL YORK: Passed
away May 5, 1948.
Sadly missed by
HER DAUGHTER AND
SON-IN-LAW, GRAND-
DAUGHTER AND FAMILY. 32-5-8

In memory of our son and brother,
JIMMY NASH, who went to be
with the Lord May 6, 1966.
Heavenly gates swung open
Loving ones who had gone be-
fore
Sang with the angels "Hosanna"
When you entered to meet the
Lord!
A vacant place is in our hearts
That only you can fill.
But, someday there will be no
sadness
When we meet again and understand
His will.
MOTHER, DADDY 32-5-8
AND BOBBY 32-5-8
In loving memory of EUGENE
WIGGINS, May 9, 1951:
Nothing can ever take away
today and progressing onward.
Fond memories linger every day.
Remembrance keeps him dear.

MOTHER AND FAMILY. 32-5-8

In loving memory of ETHEL
G. WARDEN, who passed away
May 8, 1964:
Three years have passed since
you left this earth, but your
memory lives on. When one we
loved was called away.
God took her home, it was His
will.
Within our hearts she liveth still.
Sadly missed by
THE FAMILIES, AND ALL
WHO LOVED HER. 32-5-8

In loving memory of LAZO K.

MORE ABOUT Levee District's

non-referendum feature also was opposed.

St. Clair County Sentiments
The East St. Louis Chamber of Commerce entered its objections in Thursday night's hearings to any kind of a program that did not have referendum approval. In a statement presented at the beginning of the meeting to Ben Campbell, chief clerk of the levee district board who served as secretary of the hearing, the East St. Louis Chamber said it "wholeheartedly endorses" the "hills drainage project."

But, the statement said, the Chamber "under no circumstances" would endorse any financing without referendum approval.

James Reed, executive secretary of the East St. Louis Chamber, told the hearing:

"We will do everything we can to help work out the details of this project if there is a referendum to approve the bonds."

Krause replied that if a referendum were agreed upon there would be no need of the bill he introduced, since existing law permits issuance of bonds by referendum.

John Henne, executive secretary of the St. Clair County Taxpayers Association, agreed.

Don't Need Law

"It is true," Henne said, "that some work needs to be done, but our position is that we don't need a law if the levee district can see its way clear to hold a referendum."
